Education

JIS University

2024 – 2028

Bachelor of Technology in Computer Science — CGPA: 9.63/10

Kolkata, West Bengal

Technical Skills

Languages: Java, C, JavaScript

Backend: Spring Boot, Spring Web, Spring Data JPA, REST APIs

Frontend: HTML, CSS, JavaScript

Database: MySQL

Android: Android Studio, Firebase

Tools: Git, GitHub, IntelliJ IDEA, VS Code

Core CS: Data Structures & Algorithms, Object-Oriented Programming, Operating Systems

Projects

CampusConnect – University Student Platform [GitHub](#)

In Development

Java, Spring Boot, Spring Data JPA, MySQL, HTML, CSS, JavaScript

- Designed a modular-monolith university platform supporting Students, Faculty, and Admin roles.
- Developed RESTful APIs using Spring Boot, Spring Data JPA, and MySQL for application data management.
- Implemented role-based access, validation, exception handling, and frontend-backend API integration.

Gyanibaba – AI Personal Knowledge Assistant [GitHub](#)

Completed & Deployed

Python, Streamlit, Google Gemini, MySQL, PyPDF

- Developed and deployed an AI-powered document assistant for context-aware question answering over uploaded PDFs.
- Integrated Google Gemini API with PDF text extraction and MySQL-based document and chat history storage.
- Built a multi-page Streamlit interface with cloud database connectivity and production deployment.

Z-Stocks – Android Stock Portfolio Application [GitHub](#)

Working

Java, Android, Firebase

- Developed an Android stock portfolio application with Firebase Authentication and Firestore-backed user data.
- Implemented user registration, authentication, and persistent user and portfolio data storage.
- Built application screens and integrated Firebase services for user and application data management.

DSA & Achievements

- Solved 150+ Data Structures and Algorithms problems on LeetCode.
- Maintained an active Git/GitHub development workflow across academic and personal software projects.
